### **Sri M N Raju, Chairman, MNR Educational Trust**

The dawn of 15th August 1974 not only heralded the 27th anniversary of India's independence but also marked the beginning of a new chapter within the annals of India's education in the state of Telangana. The day saw the birth of MNR Educational Trust founded by Sri M. N. Raju, Chairman of MNR Educational Group. Sri M N Raju is a great visionary educationist and could think ahead of his times. Mr. Raju unable to attend even a primary school in his childhood pursued double post graduate degrees in Arts and Education through non-formal education. The Trust started its journey by establishing its first institution, a tiny primary school with just 36 students in the year 1974 at Hyderabad. During the past 49 years, the Trust grew into a leading educational service provider in south India. Today, the Trust governs 42 institutions with around 39,000 students and around 1,800 faculty members offering courses from primary education to post graduation and research in Telangana, Maharashtra, Dubai and Sharjah, UAE. The tenacity of Sri Raju, who believed that the education and health are the two important factors that enrich lives of individuals, has led to the establishment of a school initially, then a group of educational institutions and presently the MNR Educational Trust in the past five decades. The philosophy of Sri M.N. Raju reminds every one of the preachings of Swami Vivekananda that one should always pray God for two things only, the first one Health and the second one Courage to face any kind of challenges and turbulent times in one's life. Undoubtedly, he believes that the courage comes from education. The Trust made an indelible mark in the field of education

and health with Sri. M.N.Raju, Founder Chairman and Managing Trustee at the helm of affairs supported by Sri M S Ravi Varma, Vice-Chairman and Trustee, highly qualified Directors, Deans, Principals, Faculty Members and Administrative Staff. The rich and varied experience of Sri M N Raju has helped the group to evolve a unique student-centric teaching approach, which transforms the students into competent futuristic professionals and lead a successful career with spirit of service to mankind.
